

# The Project for the Improvement of Facilities at St. Joseph Vocational Training Centre in Kamuli District

## 1. Project Detail

Organization	St. Joseph Vocational Training Centre
Amount of funding	US\$ 92,873
Signatory	Rev. Fr. Lazar Arasu, Director
Name of the project	The Project for the Improvement of Facilities at St. Joseph Vocational Training Centre in Kamuli District
Location of the project	Kamuli District
Items funded through this project	Well, Solar power system (including solar pump system), Water tank, Vehicle
Date of Grant Signing	25 January 2016

St. Joseph Vocational Training Centre was established in 1989 by Salesians of Don Bosco. Currently the school has 39 teachers and an enrollment of approximately 250 boy students and approximately 180 girl students. The centre offers vocational trainings based on social needs and its graduates receive high evaluation from various industries on their skills. The number of students has been increasing for the past three years and there is an urgent need of supplying daily life water in the dormitory. Since the school has no waterworks facility, the students depend on the existing well and rainwater tanks which are usually inadequate and create a severe water shortage. This project will improve facilities and provide a better learning and living environment for 430 students.

## 2. Grant Contract Ceremony

The Ambassador of Japan to Uganda, H. E. Junzo Fujita, signed the grant contract with Rev. Fr. Lazar Arasu, Director of St. Joseph Vocation Training Centre, on 25 January 2016 at the Embassy of Japan.
