

The Project for the Construction of a General Ward in Tumboboi Health Centre II in Kapchorwa District

1. Project Detail

Organization	Tumboboi Health Centre
Amount of funding	US\$ 75,112
Signatory	Mr. Mwashan Geoffrey Nyoky, In-Charge
Name of the project	The Project for the Construction of a General Ward in Tumboboi Health Centre II in Kapchorwa District
Location of the project	Kapchorwa District
Items funded through this project	General Inpatient Ward, Latrine Block, Solar PV System, Furniture (Beds and Mattresses)
Date of Grant Signing	17 January 2017

Tumboboi Health Centre II is located in Kapchorwa District in Eastern Uganda. The Health Centre was established in 1990 and is the only health facility in Kaptanya Sub County. They provide medical services to about 28,600 people including those from the neighboring district of Bulambuli. Currently they have only one outpatient ward with no admission facility. When patients need to be admitted for further medical care, the health workers have to use limited space on the floor and veranda to treat patients. Furthermore, the number of patients is increasing every year, as well as the number of delivery cases at the facility. Therefore, this project will construct a general inpatient ward and a latrine block, and install furniture, a solar PV system, and a water tank to provide better medical services to patients who need to be admitted to the health centre.

2. Grant Contract Ceremony

The Ambassador of Japan to Uganda, H. E. Kazuaki Kameda, signed the grant contract with Mr. Mwashan Geoffrey Nyoky, In-Charge of Tumboboi Health Centre II, on 17 January 2017 at the Embassy of Japan. [Press Release](#)
